Covid-19

Due to the escalating problems arising from the Covid-19 pandemic, it may not be possible to keep our office premises open to the public during our usual hours of 09.00-17.00, Monday to Friday.

Similarly, if staff members need to self-isolate or work from home (as mandated by the Government), there may be times when the telephones are unmanned.

Review meetings will, for the time being, be largely conducted on a 'remote' basis either by telephone, Facetime or Skype. Should there be a need to exchange documents or obtain signatures, we will try to keep the time in a person-to-person meeting to an absolute minimum and will apply all reasonable 'good hygiene' measures.

We will endeavour to return to normal operations as soon as safe and practical but in the meantime, if any of our clients require urgent assistance, please contact us by email (info@apfs.co.uk) or ring 07802401764 and leave a message.

Many thanks to all our clients for their understanding and loyalty during these unprecedented times.
